Large Barn Burned.

Fire, which is believed to have originated from spontaneous combustion, Sunday night destroyed a large barn and its contents on the farm of Ball Bros., about six miles from Versailles. The loss is estimated at \$3,000 with little insurance. The fire broke out at 8 o'clock.

The barn contained forty tons of oats, wheat, farm implements, the grainery and carriage house.

Held to Federal Grand Jury.

Mayor August Helmbold and Patrolman Paul Flynn and James Ratican, of Newport, were given a hearing Saturday and held for the action of Federal grand jury by United States Commissioner George Leonard on the charges of obstructing and preventing a United States officer from executing the order of the United States Circuit Court and conspiring to oppose, threaten and intimidate Caleb Powers when he was taken to the Newport jail.

Burley Growers Plan.

The Burley tobacco growers, after months of labor, have evolved a plan which they think will place them beyond the reach of the tobacco trust. A new company, with a capital stock of \$1,500,000, has been organized and a committee appointed to apportion the stock among the Burley producing counties in the district. The new company will act as buying and selling agents for the farmers.

Wheat Sacks.

Clews to Two Mysterious Murders.

Through a sweating process which Dave Rice, a negro confined in the Fayette County jail, has been undergoing for several weeks, it was learned that the officers are on the eve of cleaning up two murders, the assassination of Eugene Cassell in Jessamine County five years ago and the murder of Charles Boston, a prominent young Fayette County farmer, one year ago.

The killing of both men was similar in many respects, and although large rewards were offered, no clew to the murderers was ever established.

Dedication of Old Hopewell Church.

Old Hopewell Presbyterian Church, on the Lexington and Paris pike, near Hutchison Station, has been succeeded by a handsome new structure, which was dedicated Sunday, a large crowd being present. The Rev. Mr. Cummins, of Winchester, preached the dedicatory sermon in the morning, and Rev. Dr. E. H. Rutherford, of this city, delivered the charge to the congregation in the afternoon. The singing for the occasion was especially good. An old fashion basket dinner was spread and enjoyed by the crowd of visitors.

A Good Endorsement.

What better endorsement could any proposition have than the approbation of the city and the county officials. At a meeting of the Fiscal Court last month the court appointed three members to investigate and look into our project of issuing a history of Paris and Bourbon county. The committee, after conferring with us, reported that the project was a good one—one that would be beneficial to the city and county, and recommended an appropriation, which was made. On Thursday night, at the regular meeting of the City Council, the matter was brought before the city officials, which resulted in an unanimous vote in favor of issuing the book, and in the city making the same appropriation as the county.

Paris, Ky., Tuesday, July 18, 1905.

If Paris don't get the electric line from here to Maysville it
will simply be for the lack of interest taken by our citizens.
The Hon. J. M. Kehoe and Mr. Jno. Duley, of Maysville, the
leading promoters of the road, have made two visits to our city,
and an invitation sent to our leading merchants and capitalists
to meet with them and talk over the proposed road. A few met
with the gentlemen and all agreed that the enterprise would be
of untold benefit to our city. They were informed that making
assessments for the different counties Bourbon was put down for
\$6,000, but as yet not a single share of stock has been subscribed
for in Paris. These same gentlemen visited Millersburg on
same mission, and in fifteen minutes after striking the town
\$3,500 worth of stock had been subscribed for the road. The en-
terprising citizens of this little town even offered to do more,
they agreed to take \$12,000 worth of stock if the company would
agree to stop the road at Millersburg.

We wish we could annex this little town on to Paris, so as
to mix up its enterprising spirit with the slow and easy going
that dominates this community. Surely Paris don't want the
reputation to go abroad that her citizens are always "twenty
minutes late" when it comes to any public enterprise that would
benefit the city and county, like this electric road would certainly
do.

After the above is in type, and just as we are about to go to
press, we learn that, on yesterday, Mr. Henry A. Power, our en-
terprising wholesale groceryman, paid a personal visit to a num-
ber of our merchants and the desired about of stock, mentioned
above, was subscribed for. A few more enterprising citizens in
our midst like Mr. Power the old town would soon blossom
into a real metropolis.

It is truly bad enough to see a man stagger down the street
in a drunken condition, but it is far worse to see a woman upon the
street and in public places under the influence of morphine or
cocaine. It is, indeed, particularly distressing in the latter case.
Yet you see it almost daily in Paris, and it is not altogether in
the lower class we refer to, but in the higher class among the
beautiful and refine. The women too are like the men when
they get tanked up, thinking all the time no one can notice their
pitiable condition, when it takes only a glance to see the effects
of these deadly drugs. A fight against this growing evil in this
community would be in season, instead of tearing your hair out
about saloons.

"HELL laughed when Bishop Potter opened the subway sa-
loon," says Bishop Wilson, of Chattanooga. Will Bishop Wil-
son please come forward and relieve the suspense as to whether
his statement was based on inside information? asks the Louis-
ville Times man.

All we have got to say is, if Bishop Wilson made his visit
down there recently he must have found a jolly lot of fellows
that could laugh about anything. That is, of course, if hell is
any hotter than it has been here for several days.

THE London bank manager, who managed to sequester a
paltry \$250,000, has gone to prison for twenty years. He made
two grave mistakes. The first was in not engaging in the busi-
ness in America. The second was in not sequestering a million
or more if determined to engage in that sort of thing. What a
pity he is not on this side of the pond to enjoy the aristocracy in
the Ohio penitentiary.

FIRST class matinee races can be enjoyed every afternoon
and evening from Tenth Street out Main to Clintonville pike.
For choice seats apply to any of the residents along the line.
The races will be continued until some child is run over and
killed, and then the city ordinance prohibiting fast driving will
be enforced. Maybe.

THE old saying that "you have to die to beat the insurance
company" is out of date. Many eminent gentlemen have been
beating the insurance companies while still in the flesh out in
New York, and we had it demonstrated here at home but recent-
ly that you don't have to have a fire to beat that branch of the
business.

Mole on Ear Made Identity of Paul Jones Certain.

General Horace Porter, the retiring Ambassador to France, arrived Thursday on the Deutschland. The subject uppermost in the mind of the former Ambassador was the bringing home of the body of John Paul Jones. General Porter talked of the absolute identification of the body of John Paul Jones found after the search of six years.

"At last the excavations brought to light five leaden coffins," said General Porter. "Four had plates identifying the bodies within, and the fifth, of far better construction, had none. By the process of elimination we decided it must contain the body of the distinguished naval hero. We were surprised at the remarkable state of preservation of the body."

"Clothed in a winding sheet of linen, the arrangement of the coffin tallied exactly with the historical documents that told of the careful preparation to ship the body to the United States. There was tin foil over the hands and face, and the interior of the coffin was filled with hay and straw, so that the body could not stir in the long and necessarily rough voyage at that time in a sailing vessel. Together with the documents we had the Houdon bust, with which to compare the head, and so carefully was this done that a mole on the left ear was discovered by one, and immediately upon examining the bust the same physical mark was found."

"In all the measurements there was not a variance of two millimeters; that is, seventy-eight thousandths of an inch."

Will Return Millions Wrongfully Gained.

Thomas W. Lawson, the hero of "Frenzied Finance," of Boston, in addressing 300 members of the Minneapolis Commercial Club, said in part:

"I'm not afraid of personal violence. I came out here unguarded, paying my own expenses, and I am going to make a life work of this. I have several millions myself, and I wronged the American people in getting it, but I did not know it at the time. When the time comes I will give that money back to them. If I live I am going to make the American people sell every dollar's worth of stock they have, and by that time they will know better than to buy it back."

"I am going to kill 'the system,' not by law or anything they can delay by red tape, but by arousing the anger of 50,000,000 people."

May Buy Interurban Lines.

E. B. Caldwell and A. B. Dupont, with their attorney, Chas. E. Flower, of Detroit, Mich., are in Lexington looking over the franchises of the Central Kentucky Interurban Railway Company with the idea of buying the franchises. They went over the Georgetown and Paris lines Friday, and also over the route of the line now being built to Versailles. Saturday they inspected the proposed Richmond line in an automobile. The proposition to purchase the Lexington street railway, with its power plant, the Georgetown and Paris lines, and build the several lines connecting Lexington with the surrounding towns, would involve several million dollars.

F. & C. Change of Time

Commencing Monday, June 5, 1905, the morning train on the F. & C. Ry. will leave Frankfort at 6:20 a. m. instead of 6:50 as heretofore, and will leave Georgetown at 7:12 a. m.

This train will connect with trains on Kentucky Central for Carlisle, Millersburg, Maysville, Cynthiana, Falmouth and Cincinnati. The West bound morning train on F. & C. will leave Paris at 8:30, arriving at Georgetown at 9:04 a. m. connecting with the local South-bound train on the Q. & C., and arrive at Frankfort at 11:20 a. m.

Determined to Die.

Robert E. Duncan, who had successively held office as County Clerk, County Judge and Prosecuting Attorney of Hancock county, besides serving a term in the Legislature, committed suicide at the Confederate Home by opening arteries in both wrists and cutting his throat. He lived three hours, all the time struggling to be allowed to finish his self-destruction. Over-indulgence in morphine was apparently the cause of his wildness.

REMEDY FOR HAY FEVER.

After Trying Other Treatments, Hyomei Was Used With Perfect Success.

Before the discovery of Hyomei the only advice a physician could give his hay fever patients, was to go away from home, but now anyone who is subject to this disease can, if Hyomei is used, stay at home without fear of the annual attack of sneezing, watery eyes, and other discomforts.

J. F. Forbes, the well known Western railroad man, whose home is at McCook, Nebraska, writes "I have never had any relief from any remedy for hay fever, even temporarily, until I discovered the merits of Hyomei. I always recommend it when occasion requires."

There is no offensive or dangerous stomach dosing when Hyomei is used. This reliable remedy for the cure of all diseases of the respiratory organs is breathed through a neat pocket inhaler that comes with every outfit, so that the air taken into the throat and lungs is like that of the White Mountains or other health resorts, where hay fever is unknown.

The fact that Clarke & Co. agree to refund the money to any hay fever sufferer who uses Hyomei without success, should inspire confidence in its power to effect a cure. A complete Hyomei outfit costs only \$1.00 and extra bottles but 50 cents.

Rice As Done By Japanese.

The Japs excel in cooking rice, and their method is exceedingly simple. Put one cup of rice, which has been thoroughly washed, over the fire, with five cups of fast boiling water. Add salt, and when it has boiled fast for fifteen minutes the water will have completely evaporated and every grain be distinct and fluffy. Not a grain will stick to the bottom of the saucepan. Rice cooked this way is a revelation.

STOCK AND CROP.

—A Robertson county grower has tobacco with leaves three feet long, ready to top.

—George Redmon sold to Charlie Martin, of Millersburg, a mule colt, October delivery, for \$90.

—S. C. Carpenter, of Millersburg, bought of J. W. White, of Montgomery, 10 yearling mare mules for \$135 per head.

—Chas. L. Talbott & Co., of Harrison, bought 284 lambs from Clarence Lebus, of Cynthiana, for 7½ cents, average weight 86 lbs.

—Of the five million farms in the United States three million produce corn. The average price cost of growing an acre of corn in America is \$5.

—Last year there was 800,000 bushels of grass seed handled in this county, which averaged 40 cents a bushel; this year 250,000 bushels at 75 cents per bushel.

—Thomas McClintock & Sons, of Millersburg, shipped four double cars of lambs to Jersey City, costing 5½ to 6 cents, and two cars of hogs to Cincinnati.

—Malcolm Boswell sold to C. S. Brent & Bro., his growing crop of twenty acres of hemp at \$5.35. This is one of the most promising crops of hemp in the county.

—John Ash Hinton, for forty years a farmer of Scott county, never owned a set of harness, nor never sowed but three bushels of wheat, keeping his large farm, 250 acres, in grass.

—There is a strong demand for Kentucky mules and prices are high. Good sixteen hand mules bring \$175 to \$200; 15½ hands, \$150 to \$175; 15 hands, \$125 to \$140; 14½ hands, \$100 to \$135; 14 hands, \$90 to \$100.

—L. M. B. Bedford sold 98 head of cattle to Simon Weil, Saturday at 5 cents. Part of them for August delivery. Mr. Weil also purchased of Harry Holt 35 head, and 65 head from Cas. Goff.

—The prospects for one of the greatest corn crops ever raised in this section are good. The weather conditions of the past few weeks have been especially favorable to this crop, and almost without exception, the fields look encouraging.

—J. R. Patton, of Ruddles Mills, is now gathering his crop of plums, raised on the John Trabue place, from 900 trees. He will get no less than 1,200 bushels. The variety is the Japanese, large and delicious. The crop is being shipped to Cincinnati and Lexington.

—At a meeting of the Board of Control of the Kentucky State Fair announcement was made that the premium list would probably reach \$25,000. Secretary Bain says the agricultural and stock will be the greatest in the history of the State.

—W. P. Ardery, of near Monterey, put in 55 acres of wheat which averaged 32 bushels to the acre. Dudley and Tom Leach, of near Centerville, had an average of 30 bushels. Various other crops throughout the county are turning out much larger average than expected.

—Secretary of Agriculture Wilson has ordered a sweeping investigation of the charges that the figures on the condition and acreage of tobacco were juggled at the behest of the tobacco trust.

Agents will be sent to Kentucky and in the meantime the July report will be held back. The growers claim that the decrease in the crop prospects may amount to as much as 50 per centum.

—It is said that for the three years ending with December 31 last the value of beef in this country declined \$165,000,000, while the price of beef advanced about 40 per cent. These statistics were not taken from Commissioner Garfield's report of his investigation of the beef trust.

—There was a hog in Union county, Oregon, that was fattened for the Lewis and Clark Fair, which weighed 15,000 pounds several months ago, 27 pounds more than the prize hog at the St. Louis Fair. He was fattened on wheat just to demonstrate to Eastern people that corn is not the only fattening food for swine.

A Grim Tragedy

Is daily enacted in thousands of homes, as Death claims in each one, another victim of consumption or pneumonia. But when cough and colds are properly treated the tragedy is averted. F. G. Huntly, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. DEATHS.

—Mrs. Lucy Williams Dodge, wife of Mr. James L. Dodge, died at their country home, about three miles from town, yesterday morning, at 9 o'clock, of Bright's disease. Mrs. Dodge was the only daughter of Mr. and Mrs. J. J. Williams, of this city. She was 36 years of age, and is survived by her husband and one son. It is but another of the mysteries that cannot be explained, why one who had everything to live for should be taken, yet we know "He that gaveth, taketh away," and to Him alone we can go for comfort in such an hour.

Mrs. Dodge was a devoted wife and mother, a loving sister and affectionate daughter, the idol of her parents, and a consistent member of the Christian Church. She was loved by all who knew her and her death is mourned by a large circle of friends.

Funeral services will be held at the Christian Church, this (Tuesday) afternoon, at 4 o'clock, services by Rev. Dr. E. H. Rutherford. Burial at Paris Cemetery. Pall-bearers: Victor Dodge, V. K. Shipp, J. J. McClintock, T. H. Tarr, J. J. Williams, Quincy Ward, Douglas Thomas and Kinzea Stone.

When she went to the hospital, then a little girl, she could not walk on account of spinal trouble. Patient and skillful treatment restored her sufficiently to walk on crutches. Three years ago Dr. James McKee, the osteopath, took charge of her case, and in a few months she was able to lay aside her crutches. The use of her back and limbs was restored to her. Her death was caused by an entirely different disease.

—Mrs. Jane E. Owsley, aged 68 years, wife of Mr. Thos. Owsley, died at her home on the corner of Main and Fourteenth streets, Saturday morning, after a short illness. Sunflower Philosophy.

[Atchison (Kan.) Globe.]

Defeat is often a good thing, as it shows a man how little he amounts to.

The poorer the show, the more complimentary tickets given out.

Some people have such poor memories that they couldn't remember the bill of fare at a ten-cent restaurant.

As a man gets older he finds that the path from the cradle to the grave is not near so long as it was from soup to desert when he was a child.

Cattle are running wild on the Western plains. There are no cowboys to look after them; they are all with Wild West and Buffalo Bill shows.

At a recent meeting of the Lancaster Literary Society, all who married against their parents' wishes were requested to stand up. The only one left sitting was an old maid.

Do you know what people mean when they say, "Boys will be boys?" In an eastern paper, this question has been discussed, why a boy hates to take a bath, but that same boy will go swimming any time he gets a chance. One person says it is because in early childhood the mother rubbed soap in his eyes! But what about girls; didn't they have soap in their eyes?

Ever occur to you that the money you waste would show to good advantage on your home? Ever think that you might save some of the money you waste and spend it in making your home more comfortable? When a home is comfortable, it is a great institution. Thousands of people go on vacation every year who are not very well situated at home; their homes lack conveniences that are necessary to comfort.

The average girl who works down town has to fly home from her work, help get supper, do the dishes and get a shirtwaist done before she goes to bed, so this advice from the woman's column in one of the newspapers will make her smile: "My dear girl who works down town, this is what you must do upon returning home from your work in the evening. Go at once to your room. Remove all clothing worn during the day. Take a warm bath, and then braid your hair loosely down your back, and lie down and take a nap. After your nap, rub your body gently with alcohol or toilet water; dress slowly and go down stairs to the evening meal. By following out this plan you will be the coolest and most refreshed person at the table."

Superb Bravery.

The story of the loss of the Japanese cruiser Takasago, in December, which has only been published since destruction of Rojstevsky's fleet, is a classic. After the Takasago struck the mine and began to sink the crew assembled in perfect order on the upper deck, there to await the battle with a stormy sea and death.

Captain Ishibashi ordered every man to use a life belt, and directed that no one jump overboard until the ship actually sank.

The crew then joined in singing the national anthem, cheering the Emperor and lastly they sang "Gallant Sailors," there five hundred voices ringing out above the storm.

Afterward, as a relaxation, the men were allowed to smoke and thus they went calmly to their deaths. Of the five hundred men who went down with the ship only 130 were rescued.
